## 13.30 CPI Ex Food and Energy Y/Y

Expectation 1.8% Previous 1.7% Range (1.6%, 1.9%)

**The figures were inline with expectations. Bonds blipped up (stops) on the figures before coming back to pre-figure levels almost immediately. Otherwise there was very little reaction across the board.**

## 13.30 Empire Manufacturing

Expectation 12.00 Previous 2.55 Range (5.00, 20.00)

**Previous major constituents: N/O: 2.2, Emp: -5.3, Prices Paid: 19.7**

**The figure was significantly weaker than expected, 2.55 vs. exp. 24.00, New orders and emp. Indices took a sharp dive lower also (N/O 2.2 vs. prev. 16.7, emp. -5.3 vs. prev. 1.3) . Equities dived lower on the release, the S&P trading down 3 handles, and the Dax 20 ticks. Notably this was the 2<sup>nd</sup> consecutive poor reading in the Empire manufacturing report.**
